I would like to take a moment of your time to introduce you to some facts that may interest you about Bryant University.

At Bryant, we have been "Expanding the World of Opportunity Since 1863." At Bryant, we develop the skills necessary for long-term success. The strength of our programs is well known, and highly recognized. Bryant is a top-ranked college. For ten consecutive years, Bryant has been recognized as one of the nation's top three business specialty schools by *U.S. News & World Report's* annual guide, "America's Best Colleges." *Barron's* has called us a "Best Buy" value for your investment in education. Bryant University is a top ten finalist selected from 124 colleges across the US for Arthur Andersen's National Tax Challenge Competition. Bryant is one of the select colleges accredited by the AACSB.

At Bryant, you will pursue a broad-based education that will facilitate your future success. Our curriculum combines study in traditional business disciplines such as accounting, finance, management, and marketing with liberal arts courses in the humanities, sciences, and the arts. You will develop critical thinking and communication skills to augment your technical business expertise. When you graduate, you will be prepared not only to succeed in your first job, but also to advance in your career.

Bryant's reputation is substantiated by results. In annual surveys, 92 percent of our graduates had secured jobs or a place in graduate school within six months of graduation.

To help prepare you for lasting success, we provide a full range of career development and planning services. Our Office of Career Services offers individual and group career counseling, a highly specialized career resource library, graduate and law school advising, networking opportunities, and a shadowing program in which students are paired with alumni for a typical day on the job.

The hockey program at the University has become a strong leader in the development of a quality intercollegiate club sports program. Currently the Bulldogs compete at the intercollegiate level in both regional and national associations. Regionally, we are a member of the Northeast Collegiate Hockey Association (NECHA). Nationally, we are a member of the American Collegiate Hockey Association (ACHA), which sponsors national rankings and a championship tournament every season. The University has a long history in ice hockey and five of the last six seasons the team has finished ranked in the top ten of the Northeast Region by the ACHA.

The team practices and plays at Levy Community Rink in the town of Burrillville, RI. This facility provides a perfect arena for intercollegiate play. The team practices a minimum of three hours per week from September to December and returns for the second semester playing a vigorous schedule concluding the season at the end of February, and plays an average of two games per week.

If you have any questions or would like further information please feel free to call me at my home number (401) 934-3358 Thank you for your time.

Sincerely,

Mark Luther
